

Principi di Mola Mamertino Bianco DOC

The Mamertino Bianco DOC from the Salvo brothers' estate adorns the glass in a clear and transparent, pale, straw yellow. As you bring the glass to the nose, you feel the intensity and finesse of the intoxicating bouquet which reveals elegant aromas of yellow pulp fruit, citrus fruits and almonds, in addition to the mineral note that confirms the territory in which it is produced. The taste has a nice enveloping warmth, round and dry, but with lively acidity and interesting flavours.

Eno-sensory analysis
